

Hi John, Thanks for all your hard work. We sought you out because 20 years ago you sold our first house which was not in the best market condition. We remembered your drive and knowledge of the market When you say "I'll sell your house", you know how to make it happen.

Despite the birth of your 5th child while our house was listed, we always felt you were working for us and always had the answers as the inevitable challenges arose.

We will be recommending you as the opportunity arises in the future.

Sincerely, John & Siglind Tinsley
